

INDECENT DRESSING AMONG YOUNG PEOPLE TODAY

1. In today's Family Life Series, the focus will be on how many young people dress indecently. Does it not bother you how some young people dress today? Some times when I see young people dress half-naked, I ask myself whether these people come from a family or from some where else.

2.WHAT IS INDECENT DRESSING?

“A dress is therefore said to be indecent when it has provocative or stimulating influence on almost all those that happen to view it on the user.” One dresses indecently if one's clothes does not cover the sensitive parts of one's body. Anyone who dresses to seduce, that is, to look sexy, is immorally dressed.

3. EXAMPLES OF INDECENT DRESSING

AMONG LADIES: Strapless clothes, mini skirts especially ones that are few inches below the hip, bum short, cleavage shirt, short blouse, leggings, show breast, transparent clothes.

AMONG MEN: Sagged trousers, show chest, singlet-like tops, transparent tops and the like.

4. Indecent dressing has another name “dressed to kill.” Many dress to look sexy and attractive to the opposite sex and not to look good. It is sad today that many young people have lacked the sense of decency. Many in the name of fashion are now walking half naked. Young girls today are now wearing clothes that reveal the sensitive parts of their bodies in public. Some wear tight-fitted clothes that reveal the curves of the sensitive parts of their bodies. This is not right.

5. The sensitive parts of the body are the breast, genitals, buttocks, laps, chest, arm pits. These parts ought to be covered with clothes. Today, the way some ladies reveal their breasts in public makes one to wonder whether they know that the breast is part of their sexual parts and should be covered. The worst is that this also happens in the Church, a sacred place. Sadly, some girls in the Church sit at the front and intentionally reveal their underwears for priests and pastors to see. This is evil.

6. Our young men will not be left out in the discussion on Indecent dressing. Some young men sag their boxers in public. Some wear tight-fitted trousers that reveal the curve of their genital. Some intentionally flout their hairy chests in public. Related to this is the fact that some men bring out their genitals to urinate in public without minding who is watching them. All these are unacceptable. Let our young men and women learn decency.

7. INDECENT DRESSING can lead to the following:

1. Rape
2. Prostitution and cultism: an indecently dressed person can easily be described as a prostitute or a cultic person or even yahoo boy.
3. Bad name to the family
4. Devalue of a woman because her treasure is already revealed
5. Delay in marriage
6. Discomfort

Make decision today to start dressing modestly because it pays.
